

Dear Life Wheels On:

I cannot express enough, what a GREAT job Dr. Laura Morgan did for me, with her Professional Consultation! I am a Double BK Amputee, in a wheelchair and paralyzed from the waist down, from a Mylomengocele Spinal chord tumor that I underwent surgery to repair, in 1993. I walked up until that time. I needed a customized wheelchair to correct several problems I was having. Dr. Morgan's expertise and guidance started me on recovery to several of these problems!

Not only did I need a customized wheelchair, but also one that would help correct the problems, that my previous chair was actually creating. Dr. Morgan has displayed a high degree of integrity, responsibility, and ambition. She is definitely a leader rather than a follower. Dr. Morgan, in addition to her excellent accomplishments, has proven her Knowledge on the subject far beyond any of the other Therapist I have ever encountered with my experiences!

Dr. Morgan's good judgment and mature outlook ensure a logical and practical approach to her endeavors. She expressed an overwhelming care and love that is very rare in the medical community in this day and time.

Dr. Laura Morgan would be an asset to any therapeutic decisions that have to be made and I am happy to give her my wholehearted endorsement. I found that Dr. Laura Morgan is what a true Therapist is all about and anyone would be more than lucky to have her guidance and professionalism!

Sincerely;
